

EXPECT MORE FROM YOUR HOME

QUAD-LOCK[®]

Insulating Concrete Forms

PROVEN

Quad-Lock's systems are **patented and building code approved**. There are thousands of Quad-Lock ICF homes around the world.

ENERGY EFFICIENT

Quad-Lock homes cost the same to build as traditionally built homes and can **save you 70% or more on your energy costs**. With three R-Value configurations, up to R-40, Quad-Lock walls provide superior insulation.

HEALTHY

Quad-Lock walls provide for **no air infiltration**. There is much less dust or pollen and no potential for mold or rot. A concrete home will achieve **STC ratings of 50+** meaning your home will be much quieter to live in.

SOLID & SECURE

The structural integrity of reinforced concrete and ICF will **withstand hurricane/tornado force winds** and associated flying debris. You will have exceptional protection from the ravages of Father Time and Mother Nature.

SUSTAINABLE

With Quad-Lock there is **virtually no jobsite waste** and any scrap can be recycled. Additionally, there are no CFCs, HCFCs or off-gassing in our manufacturing process. Maintenance and operation costs are significantly reduced – lifecycle of a concrete home is measured in centuries!

SAFE

Quad-Lock walls have been **fire-rated for up to 4 hours** by UL. Governments at the regional and federal levels have recognized the value of concrete homes and offer building incentives; as well, insurance premiums can be significantly reduced.

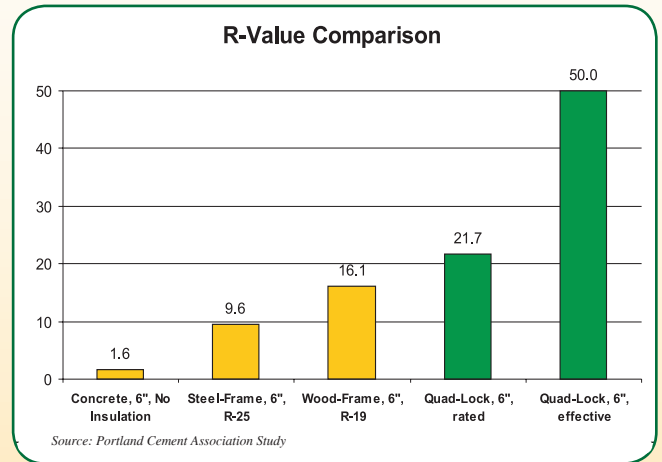

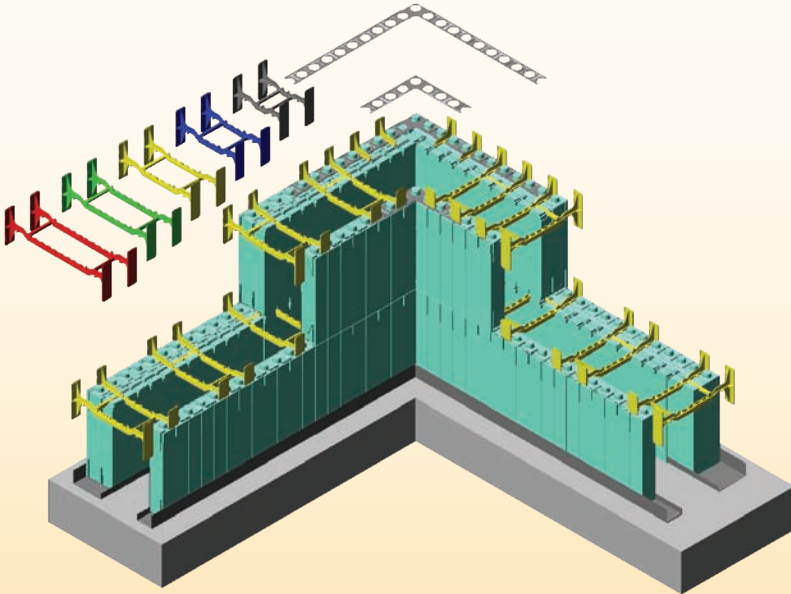

DESIGN FRIENDLY

There are **no special order components** – any unique architectural elements can be created on-site.

SAFTE-R
Solution for Residential Construction

With Quad-Lock You Get:

- **Unrestricted Installation:** Quad-Lock allows you to work to any 2" increment - build around rebar, lintel or column reinforcements – anything.
- **Unrivalled Versatility:** Build more with less using 4 main components for 10 wall configurations in any desired wall width.
- **Unequaled Support:** Quad-Lock provides international, nationwide and on-site training. Our strong dealer network provides local assistance and inventory.
- **Unmatched Design:** Our product development team works with our customers to bring timely, field-tested products to market.
